Applicant to complete

Where possible, regular withdrawals will be taken from the cash account within your Wrap Offshore Bond. However, if you wish to sell specific assets to fund these regular withdrawals, please provide instructions detailing the assets to be sold to meet the regular withdrawal payments. Without these instructions, if there are insufficient funds in the cash account of your Wrap Offshore Bond we will not be able to pay the regular withdrawal.

If you are invested in a fund that deals at a frequency other than daily this will cause delays in forwarding the proceeds to you.

9 Source of funds and wealth

The Insurance (Anti-Money Laundering) Regulations 2008 require all Isle of Man life companies to “make enquiries as to how an applicant has acquired the monies to be used as premium for, or contribution to, a policy”. This reflects the Isle of Man’s commitment to maintain the highest possible standards of business practice and to counter money laundering and the financing of terrorism.

RL360 has adopted a risk-based approach to meet these regulations, categorising all countries that we will accept business from into one of three tiers. Each tier has different source of wealth requirements.

We have categorised countries according to their level of compliance with international regulatory standards.

www.RL360wrap.com sets out RL360’s Source of Wealth procedures, including the premium levels above which documentary evidence is required to support the Source of Wealth information supplied in the application form.

If you are funding your Wrap Offshore Bond from a bank account that is not in the United Kingdom, Channel Islands or Isle of Man, please refer to the above mentioned documentation for further guidance.

In order for RL360 to comply with its obligations under the Isle of Man’s Insurance (Anti-Money Laundering) Regulations 2008, you must answer the following questions fully.
